**COVID-19 Status Report  
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

**New Public Health Guidance**

Today, the Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases: 2 Oak Park Residents that range in age from <20s and 20s.

The teenager who was reported today as testing positive resides with an adult family member who also tested positive.

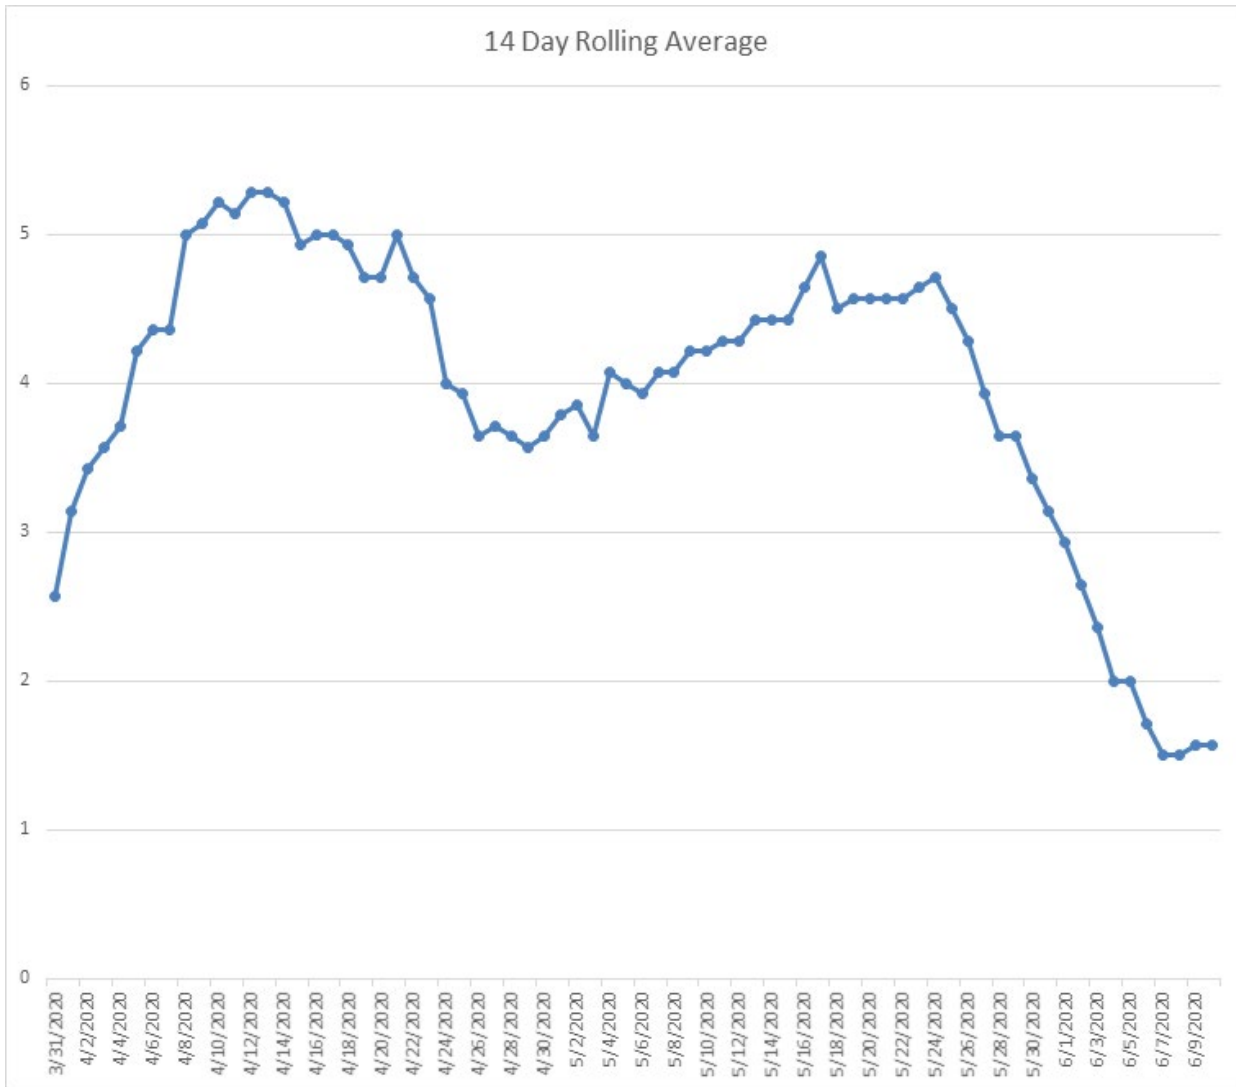

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of three-hundred and six (306) total Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

Yesterday, Oak Park Public Health Director Mike Charley reported the twenty-third death of Oak Park resident believed to be related to the COVID-19 coronavirus. The fatality was a female in her 60s. The resident had earlier tested positive for the virus, but the final cause of death will be determined by the Cook County Medical Examiner. Director Charley expressed his sincere condolences to the resident's friends and family for the loss of their loved one.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

Public Health Director Mike Charley shared the following chart showing the 14-day rolling average of resident COVID-19 cases thru June 9, 2020.

**Cases related to Long-Term Care and Assisted Living Facilities**

The Oak Park Public Health Department reported no changes today related to Long-Term Care and Assisted Living Facilities.

It is noted that one of the cases reported on Tuesday, June 9, 2020 was a resident of the Heritage House, 201 Lake Street an independent living facility for seniors. The Public Health Department continues to work with the property manager on guidance regarding COVID-19 and steps they can take to prevent the spread of the virus.

| Facility Name                   | # of Resident Cases | # of Resident Deaths | # of Staff Cases |
|---------------------------------|---------------------|----------------------|------------------|
| Belmont Village of Oak Park     | 2                   | 2                    | 4                |
| Berkeley Nursing & Rehab Center | 3                   | 2                    | 1                |
| Brookdale Oak Park              | 7                   | 1                    | 7                |
| Oak Park Arms                   | 6                   | 1                    | 3                |
| Oasis of Oak Park               | 23                  | 10                   | 6                |
